

50 marathons by 50 years old.

Marathon (26.2 mile) Update:
I have completed marathons in twenty-five States!

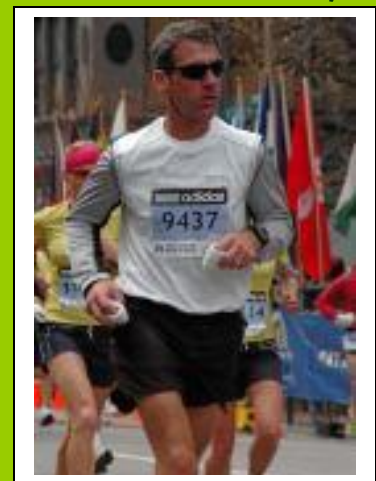

Time flies when you're having a run! I am now one-half way towards my goal of running a marathon in each of the 50 states before I turn the ripe old age of 50. Marathon #25 occurred on December 5th in Memphis, Tennessee.

I will continue to work with the St. Mary's School Staff and Administration to identify projects for which your donations may be directed.

We truly appreciate your generosity towards this endeavor.

Merry Christmas and a Happy New Year!

Dr. Troy D. Ivey
